

The Sponsors

of the

2009 Come By Chance Picnic Races

This year our sponsors are really just tops
Firstly, there's **Pentag** who help with our crops
Then there's **Toyota** from **Dubbo City**
Their vehicles are tough as well as pretty
We have **Landmark** located at **Coonamble**
Their service is so good it's no gamble
And **Rabobank Australia** let out a tremendous cheer
Because their best customer won Farmer of the Year
And in Walgett **Geronimo Farm Equipment** is going strong
Even though they have not been here that long
Caltex Energy of New South Wales is great
Their commitment to Regional Australia is first rate
We have **Earthmoving** done by **David Aarts**
He has a good reputation around these parts
Dean Murray's Contracting Services can do it all
You only have to give him a call
Coonamble Cellars keep us supplied with beer and wine
And their customer service is really just fine
If you need a truck for something you want carried
Give **Transann Bulk Transport** a ring and talk to Larry
And most people leave the shop full of praise
After visiting **Auto Electrical** owned by **Grays**
When you have a problem with your flushing
Sam of Dent's Plumbing will come rushing
And while there's a lot of bull out at **Euroka Stud**
Probably not as much as comes out of Kevin Rudd
And **Walgett Landmark** though last they may be
Always do their bit to support the community
